

	<b>State Toxics in Packaging Laws</b>	<b>EU Packaging Directive (94/62/EC, Article 11)</b>	<b>EU RoHS Directive (2002/95/EC)</b>
<b>Intentional Use of Any of the 4 Heavy Metals Identified Below</b>	Prohibited at any level	Not addressed	Not addressed
<b>Maximum Concentration Limit: Cadmium</b>	< 100 ppm (0.01%) by weight for sum of 4 restricted metals in packaging or packaging components; applies only to incidental presence	< 100 ppm by weight for sum of 4 restricted metals in packaging or packaging components	< 0.01% by weight (100 ppm) in homogeneous materials
<b>Maximum Concentration Limit: Hexavalent Chromium</b>	< 100 ppm (0.01%) by weight for sum of 4 restricted metals in packaging or packaging components; applies only to incidental presence	< 100 ppm by weight for sum of 4 restricted metals in packaging or packaging components	< 0.1% by weight (1,000 ppm) in homogeneous materials
<b>Maximum Concentration Limit: Lead</b>	< 100 ppm (0.01%) by weight for sum of 4 restricted metals in packaging or packaging components; applies only to incidental presence	< 100 ppm by weight for sum of 4 restricted metals in packaging or packaging components	< 0.1% by weight (1000 ppm) in homogeneous materials
<b>Maximum Concentration Limit: Mercury</b>	< 100 ppm (0.01%) by weight for sum of 4 restricted metals in packaging or packaging components; applies only to incidental presence	< 100 ppm by weight for sum of 4 restricted metals in packaging or packaging components	< 0.1% by weight (1000 ppm) in homogeneous materials
<b>Maximum Concentration Limit: Total of All 4 Metals</b>	< 100 ppm (0.01%) by weight in packaging or packaging components; applies only to incidental presence	<100 ppm by weight in packaging or packaging components	Not addressed
